

Corridor® Complete S 732

Multi-purpose emulsion, glossy

Area of application

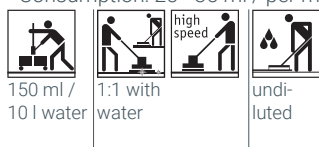

- For use in public institutions, social educational institutions and administrations
- Water-resistant floor coverings such as PVC, rubber, linoleum, sealed parquet and cork, concrete stone and natural stone

Product properties

- Very good dispersive capacity
- Short drying times
- Enables seamless touch-up
- Suitable for coating repair
- Can be used as wiping care
- Suitable for cleaning
- Polishable with the high-speed machine
- Tested according to FMPA DIN 18032/2 for sports floors
- Slip-resistant according to DIN EN 16165

Application and dosage

- Always use cold water.
- Apply undiluted in 2 – 3 layers on a thoroughly cleaned, rinsed with clean water and dry floor covering.
- Floor covering must be free of surfactants.
- For absorbent floor coverings such as old linoleum coverings, pre-treatment with Corridor® Basic S 720 is recommended. When used with Corridor® Basic S 720, the appearance, durability and adhesion of Corridor® Complete S 732 to these coverings is significantly improved.
- Consumption: 25 - 35 ml / per m² / per order

Note

- Protect from frost.
- Before processing, turn off heat sources (underfloor heating, heating, hot supply air).
- Avoid direct sunlight.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.

Further information
